Digital Citizenship: Living in a Digital World Safely and Legally, While Respecting Oneself and Others

Maureen Popa, Akron Schools National Inventors Hall of Fame STEM HS

August 12, 2015

“Digital Literacy encompasses the personal, technological, and intellectual skills that are needed to live in a digital world.”¹

- Cyberbullying
- Privacy
- Digital footprints
- Copyright and plagiarism
- Information literacy
- Internet safety

AASL 21st Century Standards

1.1.4 Find, evaluate, and select appropriate sources to answer questions.

1.1.5 Evaluate information found in selected sources on the basis of accuracy, validity, appropriateness to needs, importance, and social and cultural context.

1.1.7 Make sense of information gathered from diverse sources by identifying misconceptions, main and supporting ideas, conflicting information, and point of view or bias.

1.3.3 Follow ethical and legal guidelines in gathering and using information.

3.1.2 Participate and collaborate as members of a social and intellectual network of learners.

3.1.6 Use information and technology ethically and responsibly.

4.1.7 Use social networks and information tools to gather and share information.

4.3.4 Practice safe and ethical behaviors in personal electronic communication and interaction.

Curriculum Resources

Adaptable for grades 6-9

<https://www.common sense media.org/educators/scope-and-sequence>

<https://www.graphite.org/> Build lesson work flows and save

<http://www.edweb.net/digitalcitizenship> A digital community to share with other educators

<https://www.edmodo.com/> A wide array of professional digital communities

<http://www.everfi.com/digital-education>

EverFi provides education technology platform to teach, assess, and certify students and enables teachers to add blended learning to their curriculum.

Its seven Digital Literacy modules include the following:

Choosing a computer

Wireless communication

The viral world

Internet resources and credibility

Creating multimedia products

Digital relationships and respect

The future of technology and you

<http://www.digitalliteracy.gov/resources-by-term/81>

<http://www.google.com/goodtoknow/web/curriculum/>

<http://www.thinkb4u.com/>

The site represents collaboration between Common Sense Media, Connect Safety, Google, and the National Consumers League. There are interactive videos where the user determines the path that characters take based on the decision that is made.

Nine videos:

Smart sharing

Digital communication

Spotting scams online

Shopping smart online

Research and information literacy

Cyberbullying

Digital footprints

Testing and sharing
