

Dear Lamar Lion Parents and Guardians,

We are in the process of creating a library “makerspace” here at Lamar Elementary. What is a makerspace? In simple terms, it is an area that allows for creativity and innovation to occur so that students can engage in learning experiences that allow them to make real life connections. For example, within this makerspace our students will have the freedom to design, engineer, fabricate, create, build and collaborate. Makerspaces provide students with a place to tinker and develop something that may not have been possible to create without a space with resources. We are so excited to bring this opportunity to our students, but in order to have a space that is useful, we are in need of several items to be donated to the space. Please do not feel like you need to go out and purchase any of these items. You most likely have something already in your house that can be used!

The items that we are in need of are:

- Straws
- Toothpicks
- Tape
- String
- Legos
- Popsicle Sticks
- Rubber Bands
- Paper Bags
- Balloons
- Cardboard Tubes
- Magnets
- Clothespins
- Glue
- Ribbon
- Cupcake Liners
- Bottle Caps (Soda/Water Bottles)
- Coffee Filters
- Blocks
- Playdoh
- Pennies
- Plastic Spoons
- Dental Floss
- Coffee Stirrers
- Paper Clips
- CDs
- Sponges
- Foil
- Cups
- Small Cars
- Buttons
- Paper Plates
- Marbles
- Playing Cards
- Cotton Swabs
- Pipe Cleaners
- Cardboard (Cereal Boxes)

If you have any items that you are willing to donate, please either email, call or drop off the items in the front office. We appreciate all that each of you do each day to support our students at Lamar Elementary.

Thank you,

Amanda Rayburn, Librarian
