Eric Unangst	Woodridge Local Schools		
Phil Luthman	Woodridge Local Schools		

**Items Discussed****Technology Advisory Committee Minutes**

The December 1, 2011 minutes are available on the NEOnet website.

**Facility Move Synopsis**

- The server move went extremely well.
- The office and staff should be completely moved by the end of January.
- All meetings after January 31, 2012, will be in the new facility.

**Agreements**

The districts agreements will be sent later this month.

**NEOnet Network**

- DR Site Progress – the move to the new facility has escalated the setup and functionality of the DR site at Tallmadge. Virtual servers were used successfully during the move. NEOnet thanked Tallmadge for all the cooperation and assistance in getting this site up and running.
- Lightspeed Software Release – the new release with updated web reporting has been installed. The priority is to get a few districts on the system to test. Once that is complete, the rest of the districts will migrate over.
- Esker Fax – IP Fax – getting this up and running is a priority.
- Smartnet Maintenance – we are still waiting on renewal pricing. NEOnet is taking advantage of multi-year contracts for its own equipment to save money. Anyone else interested in going to a multi-year contract, please contact Chris Zolla at [zolla@neonet.org](mailto:zolla@neonet.org).
- Formshare Update – Secure LDAP is working properly. A few forms are now available. The emergency medical form is the priority. Marie Schmidt will be sending out a weekly update detailing which forms will be available and other pertinent information.

**E-Tech Update – Steve Crumbacher**

- New portal launches on Monday, January 9, 2012
- E-Rate workshop in Kent on February 13 will be recorded and on their website.
- Advance registration for the E-Tech conference ended January 6, 2012. All other registrations must be done onsite at the conference.

**Laurie Heikkila – Summit County ESC**

- A handout on the Moodle Monday and Tech Tuesday schedule was handed out to attendees.
- The SCESC has added professional development opportunities. See their website for details. If anyone has a need for professional development, please see Laurie Heikkala at [LaurieH2@cybersummit.org](mailto:LaurieH2@cybersummit.org).

**Next Technology Meeting**

The next Technology Advisory Committee meeting is scheduled to be held February 2, 2012 at 9:00 a.m. at NEOnet's new facility at 700 Graham Rd.
