Calendar Dates Wizard- Snow Days changing Course Section Dates*

In the past the Calendar dates wizard did not update students' course section assignment start/stop dates if it had been used to enter non-attending days.

A New Course Section Assignments Dates screen added

[Student Information](#) > [Management](#) > [School Administration](#) > [Scheduling Administration](#) > [Course Section Assignment Dates](#)

*It is STILL recommended if you have a Snow Day that changes your course term start or stop date to still contact NEOnet for assistance
