David Mog	Richmond Heights		
Tom Jansen	Summit County ESC		
Kurt Gwin	Tallmadge City Schools		
Matt McGing	Twinsburg City Schools		
Eric Unangst	Woodridge Local Schools		

Items Discussed

- The February minutes are on the NEOnet website.

NEOnet Organizational Update

March 7, 2017- Board of Directors Meeting- The Board of Directors will meet on March 7th. Among things discussed will be amending appropriations, a software purchase, and personnel items.

Communication and Messaging Initiatives- Technology Integration is on Twitter (#neonettechtime). The website will be updated to include Technology Infrastructure, Technology Academy, and Professional Development opportunities at both NEOnet and the Summit County ESC.

FY18 Estimated Fee Schedule- There is no fee increase for FY18.

Customer Satisfaction Survey- Customer Satisfaction Surveys will go out soon and be presented at the May assembly meeting.

Cyber Security Executive Level Briefing

There are a number of schools who have been hacked and have had ransomware outbreaks. The focus, to avoid these things going forward, is on risk management. NEOnet is looking in to having a panel meeting to address this issue and educate. NEOnet will also be looking in to cyber liability insurance. There is a cyber security website www.ponemon.org with a lot of valuable information.

NEOnet Network

SCCM Training- SCCM Training will be taking place every Wednesday in April. The cost is \$250 per seat and it is limited to 6 seats per class which is why 4 dates are available. A syllabus is currently being made. If there is a topic you wish to see covered, reach out to Chris Zolla (zolla@neonet.org).

Clever- Clever will be integrated for all schools. For all AD hosted districts it has a tie in to AD for authentication. If interested, call NEOnet. Clever will be free to districts. If you are not on AD, contact Clever, if you are, contact NEOnet.

Service Desk Application Project

NEOnet has been live for a month and a half on the updated service desk. Ticket history can be pulled from the old system if the e-mail used for credentials matches in both the new and old systems.

NEOTech Conference

The 2017 NEOTech Conference will be held on March 16th at the Kent State University Student Center. In an attempt to move toward being paperless, we've eliminated folders and will be handing out a 1 page brochure for the days events. Due to the large volume of registrations and waiting list applicants, there were a few ideas mentioned to accommodate more people in the future. One of which would be to expand the conference to two days focusing on grade groups. Though nothing was set in stone, the committee is looking in to different options and keeping an open mind.

Technology Integration Discussion

The next Technology Integration meeting will be held at 1 p.m. on Friday, March 10, 2017 and will be available on WebEx.

The next Technology Advisory Committee Meeting is Schedules for Thursday, April 6, 2017 at 9:00 a.m.
