

Create new users in StudentInformation (DASL) for the ProgressBook Suite

For complete explanation on ProgressBook Suite Security please read Help-End User Guides-Security.

1. Go to [Management](#) » [Security](#) » [View Accounts](#)
2. Click **New Account**
3. Fill in the required field indicted by a red asterisk.
*Hint the user name always begins with your district code followed by an underscore (ex. ne_)
4. Choose *neonetda.org* in the Domain dropdown
5. Select *Attempt to automatically create the user in the external directory*
6. Create a Password that you will provide to the User. *NOTE: The user no longer receives a username and password via email. You must communicate the username and password to the newly created user.*
7. Re-enter YOUR Username and Password
8. Click **Add New Account**

First Name *

Last Name *

Email Address *

Username *

Domain *

neonetda.org

Account Type: Ldap

The selected domain uses an external user directory.

I will manually create the user in the external directory.

Attempt to automatically create the user in the external directory.

Password *

Confirm Password *

For authentication purposes, please re-enter your username and password for the external user directory.

Create new users in StudentInformation (DASL) for the ProgressBook Suite

9. After the screen refreshes you will be on the Account Tab
 - a. Add the User Roles needed
 - b. Add the Impersonations needed

User Roles	Staff Member Impersonations
Assign the Role and the School combination to individual Users as needed to specify what screens and functions that User has access to in DASL/StudentInformation.	Staff impersonation is the ability in StudentInformation/DASL for a user to be able to do tasks as if they were the staff member that they are impersonating. Users can also impersonate all staff members in the school if so specified. Administrative staff uses impersonate all option most frequently. The Available Permissions affect <u>Teacher Menu and EZ Query.</u>

If the user needs a staff account please follow steps 10 through 17

Note: When you first create an account, some information from the Personal tab populates on the Staff tab. However, this does not mean a staff member record has been created. You must enter required information and click Save on the Staff tab to create the associated staff member record and to add job functions.

10. Go to the Staff Tab
11. Click Edit Staff
12. Fill in required fields of Staff Code and State Staff ID and the First and Last Name.
 - a. Note: If a State Staff ID is unavailable select the State Staff ID unavailable box

13. CHECK THE ACTIVE BOX

14. Click Save

Personal Account Staff New Account New Staff

First Name: Middle Name: Last Name:

Phone Number: Phone number unlisted Email Address:

Staff Code*: State Staff ID*: State staff ID unavailable

Primary School: Start: Stop:

Comments: Active

15. After the screen refreshes a Job Function area will appear below
16. Choose the School Building, year and Job Function needed
17. Click Add School

Note: **IMPORTANT!** Job Functions also play a role in Gradebook, DataMap, and DASL/SI. Please refer to the 3rd page on job function descriptions.

18. IF the user is a non-teacher (Clerical, Guidance, Master, etc.) and needs access to features in Gradebook, please navigate over to Gradebook- Staff and select the schools on the Staff Schools Tab

The user account, staff account and association are now complete. The staff member is now able to log in to either DASL, DataMap, Gradebook or Special Services.

Click New Account to start another user creation or navigate off the screen.
