

DASL Admin. Roundtable
April 18, 2019
10:00 AM – 11:30 AM
Room B

- **Current DASL Issues/Updates**
 - DASL Open Defect Report- [See defect handout](#)
 - EZ Query Load Settings
When using the feature of Load Settings inside EZ Query-Reports-SIS Student Search it is saving the date you created the load setting. So be cautious when using the load setting that you change your dates prior to submitting the report. There are dates on the Homeroom Date, Enrollment Date, and Student Alert Date.
 - R703 long time to generate
This is the time of year when the R703 takes a long time to generate. Formats 1 & 4 are the usual formats that cause the issue. Please allow time for your report to finish, and do not submit another report until your prior one completes.
 - Prior DASL Releases
*Student Email field
'Select All' EMIS Fields in SIS Student Search
Verify- End of Course
ACT Import- Same Month Same Year
OGT scores for Fall 2018 and forward
WebHelp (new documentation)
Videos are now located inside the WebHelp! Lots of new videos out there to view or pass onto users or new users.*
- **Attendance**
 - New features released in prior releases:
*I Want To....menu Student Absence Intervention
Previous Years Student Absence Intervention
Last Date Attendance Calculation
New "report" option located under Print Letter- NEOnet_totalhours*
 - 21 day rule- Carrying intervention plans from one school year to the next- [See slide 12](#)
about what ODE advises for students that become habitually truant within 21 days of the last day of school
 - Senate Bill 82
In general, S.B. 82 requires each public school to attempt to contact, within 120 minutes of the start of the school day, a parent whose child is absent without a legitimate excuse unless the parent notifies the school within that 120-minute period. Under the bill, the school may attempt to contact a parent by a live telephone call, automated telephone call, a notification through the school's automated student information system, a text message, email, home visit, or another notification procedure adopted by the school district board of education.

Suggestion: Use either Daily Attendance Detail or Daily Absence List Detail to have automatically delivered before the 120 minute mark to find those students.

A future release *may* include new notifications to parents on absence alerts via ParentAccess.

- Absence Types

End of year and/or over the summer is a good time to review your Absence Types. NEOnet can attend meetings with you and administration to discuss the best process to review and decrease your absence types. Then move more types to Reasons. You can contact us at studentservices@neonet.org to request a meeting.

- **Report Cards and Transcripts**

- Report Card & Interim Hours- We are still awaiting a few districts decisions on if/when changing to attendance hours on report cards printed out of DASL. Deadline to make other changes is 4 weeks prior to Q1 closing. Also, please let us know if you still print interims and hand them out. Hours need to be changed on those templates as well. NEOnet is just unsure how many actually print interims still!
- Counselor Comments- Option for counselors or principals to enter a Free form comment by each Quarter by student. [Sample Report Card](#) If you want it to display the counselor box needs added to report card formats so please let us know at studenthelp@neonet.org
- Transcript Hours- [See handout](#) Districts can email studenthelp@neonet.org if you want your transcript layout changed to reflect attendance hours per the options provided.

- **Ad Hoc reports**

[Please review slides](#) 14-22 on several Ad Hoc Report changes!

Please note if your district would like some of the new reports and the slide does not say "Report has been added for Everyone" you can contact us at studenthelp@neonet.org and we can assist you with uploading a version of the report.

- **Upcoming Releases**

18.9 is the next release expected to be applied in Early May. [Slides 24-27](#) include items that may be included in 18.9

[Slide 27](#) under Future changes are items expected to be released in 19.0-19.1

- **End Of Year Handout**

Please review [handout](#) of tips for end of year items in DASL.

- Refresh all GPAs
- Use last day of school on reports that include Homeroom Date
- PERF reports- NEOnet suggests using Ad Hoc Report – Yearly_Perfect_Attendance-By_Building-NEOnet report to find students that have 0.00 hours.
- Continue to run Promo & Enroll and use Withdraw Scenario #1 and#2
- Register new students with 8/1/19
- Exclude records from Fall Initialization. Review page 3 of handout. The defects on Fall Initialization from last year have been fixed! Question on LEP Status in Fall Initialization added to Action Items.

- Training Opportunities [Please sign up here!](#)
 - EMIS Exceptions for 19/20 calendar
 - Open Labs- SYI, EMIS Exceptions, Scheduling, Absence Types
 - Elementary Scheduling & Work Sessions
 - Back to School
 - DASL Overview

- DASL District Sharing
 - PB Shared Services and a la carte
New service offered by NEOnet. Options of Full ProgressBook Suite Coordinator for the district, or schedule your students for future year, or load DataMap Scores for you. If you would like more information please contact cottrill@neonet.org
 - Twinsburg- How do districts track Media/Picture Release in DASL?
Some Options: Flags on Profile, Custom Field (Kent sample), Misc Alert.
Flags on Profile can be extracted via EZ Query SIS Student Search
Custom Field can be extracted via custom Ad Hoc Report
Misc Alert can be extracted via numerous report options

- Next Meeting Date/Time – September 25, 2019

- Action Items

Enter Enhancement Request for specific field for Media Release. The following ER's are already in the developers queue:

- Add a Media Alert with the Icon Being a camera with a line through it
- For FERPA add a flag that would exclude students from having directory information released
- add flag for students that can't be photographed/have picture taken & option to pull this information (report, EZQuery)

LEP Status brought up through Fall Initialization? If NEOnet has selected 'Set all Limited English statuses to "N"' for your district per your request, then all students are changed to N for 19/20. Otherwise, it will copy from the last FD record in the prior School Year.

Is there a document of what gets updated in Fall initialization? Yes, attached to email
