 - 17.1
- Upcoming Releases- *The next major release will be 17.2 expected for early December. It is expected to include items for SYI, Medical, and Scheduling*

- Documentation-

- New Knowledge Based Articles

You can get to the NEOnet KBA articles from two places (1) front page of DASL there is a link or (2) directly on our website at DASL-Documentation-Knowledge Based Articles

There were four new articles published

- *Pre-Identification labels cheat sheet*
- *R309- Student Absence Search cheat sheet*
- *r701 - Schedule Cards- how to print two cards on one page*
- *What Integrates To and From ProgressBook Suite applications*

- Reports Listings

Just a reminder also on our website is a folder called Report Listing. There are two documents posted. 1) all the regular and report builder reports in DASL software and 2) all the Ad Hoc reports

The Ad Hoc reports document has not been updated from state support recently, so at the roundtable we provided a list of the 26 new reports that are available. This handout can be found in the 9_2017 Roundtable folder.

 - *Printing attendance screens (portrait, landscape)- A tip we found out is when printing either breadcrumb trail: SIS-Attendance-Daily Absence List OR SIS-Student-Attendance-Student Absences, that if your first page is blank, try changing the orientation from portrait or landscape and your data will print better.*
 - *DataMap – NEOnet currently has 10 districts using DataMap. If you are interested in having your district or admin team seeing a demo, please contact us or hayes@neonet.org directly.*
 - *Questions asked: 1) Does Software Answers ever have a vision to make their own Online Student registration package? Answer is they have looked into it but do not have it currently on their roadmap. Remember that there are 3 certified vendors that will work with ProgressBook Suite: RegistrationGateway, InfoSnap, and*
