# Family Groups & Parent Access Management

- Districts are not required to have family groups set up beginning next school year (16/17) in order to have access to ParentAccess.
- If a parent can log into ParentAccess today, they will be able to log in starting next school year.
- Districts will have the ability to create ParentAccess accounts just as they do today.
- Upcoming features for ParentAccess like discipline, fees and IEP's will utilize family groups.
- Current non-users of family groups will not lose functionality, but the newer updates involving functionality utilizing family groups will not be available

**New Features with Family Groups:** *Many details in the Spring NEOnet Newsletter*

Bulk Address Standardization- NEOnet will be applying 4/27/16 maintenance night

With a student in context on the View Profile screen, you can now view all active students in a family group, including students registered in a future school year. Future enrolled students are now indicated with an icon.

-  Student is courier for family group
-  Student is enrolled in a future school year
