NEOnet Update
• 2016/17 Library Conference planning
• NEOnet tech update
• Upcoming training sessions
• Loading magazine records
• NEOTech Conference- March 10, 2016
• EBSCO resource citation tips
• 41 Attendees from 22 Districts
• 22 Survey results
How was the general information session by NEOnet staff?

- Excellent - 14 (63.64%)
- Good - 6 (27.27%)
- Average - 2 (9.09%)
How was the presentation by OverDrive

- Excellent - 3 (13.64%)
- Good - 13 (59.09%)
- Average - 5 (22.73%)
- Good - 1 (4.55%)
Please let us know your thoughts on the breakout sessions

![Bar chart showing evaluation results for different breakout sessions.](image-url)
What did you find was the most beneficial?

• Overdrive presentation
• The NEOnet updates
• The information on updates Infohio and website searches were very helpful and beneficial. I also thought the breakout sessions were very interesting, informative and beneficial.
• Morning session on updates and the Bookshare.
• I loved the breakout sessions.
• It was nice to put a face with the names of people I have talked to or emailed from NEOnet. Also, Noah was able to solve a problem for me at one of my Libraries.
• NEOnet updates absolutely, and presenters best practices.
What did you find was the most beneficial? (cont)

• Really, all of it since I'm new.
• The set up of the day with infohio information at the beginning and breakout in the afternoon.
• Networking with people that typically do not come to NEONET meetings.
• Meeting with other librarians and talking about the upcoming year. Very good resources to use with our students, teachers and parents
• Digital citizenship, being with other librarians
What did you find was the most beneficial? (cont)

- The break-out sessions.
- Mission/vision of NEOnet, the book talk, examples of reports, and the changes in World Book
- It was helpful to cover this info heading back into the year. I felt like it got me back in "library mode" and gave me a lot to think about as things ramp back up.
- The NEONet updates.
- Back to school tips and review from INFOhio
Next steps

Should this become an annual event?
  - 100% of responders replied yes
  - 12 replied with suggestions for next year on what needs improving/ideas for next year

Small committee to plan the event for next year

Goal: Have date set and sessions setup so librarians can take the summer off!
Distance Learning @ NEOnet

- NEOnet meeting rooms are in final steps of being setup to allow distance learning
- Future meetings will be broadcast for those unable to join in person
- Future meetings will be recorded
NEOnet Workshops

• Workshops until the end of the school year have been posted on NEOnet website
**Magazines**

- NEOnet will create and load magazine records
  - You will need to supply NEOnet with magazine information
  - NEOnet creates and loads the records
  - NEOnet creates barcode labels for the issues
  - Issues are checked out to an account called ‘Shadow’
  - As a result, the issues do not display in Cat/CatJR
  - When issues arrive you find the right barcode, put it on the magazine and check it in
NEOTech Conference - Save the date

- 7th annual NEOTech Conference
- Thursday, March 10th, 2016 at the Kent State University Student Center
- http://www.neotechconference.org/
- Right now, they are looking for presenters http://goo.gl/forms/yVDGMebUAo
Citing sources from EBSCO

• Copy/Paste of citations from EBSCO are difficult to read
• This is because the web formatting is being copied as well as the text
• This is not an EBSCO issue (happens with other resources also)
• It is web browser issue
Paste citations as text only tips

- **MS Word**
  - Right Click → Paste Options → Keep Text Only
  - Paste icon at top → Keep Text Only

- **Google Doc**
  - Chrome, PC: Ctrl + Shift + V
  - Chrome, Mac: Command ⌘ + Shift + V
  - Firefox, PC: Ctrl + Shift + V
  - Firefox, Mac: Command ⌘ + Shift + V
  - Safari, Mac: Command ⌘ + Shift + Option + V

ISeech FAQ

What is ISearch?
Where can I find ISearch?
How does ISearch help me?
Where are the results under each tab coming from?
What is the difference between ISearch Statewide and ISearch Local?
Can I still use CAT/CAT Jr with ISearch?
How do I know if I should use ISearch Statewide or ISearch Local?
Will I still be able to use ISearch Statewide when I have ISearch Local?
Can I integrate my local catalog in ISearch if it’s not automated with INFOhio?
Can I add additional electronic resource subscriptions to ISearch?

ISeech is a research tool designed to save students time with the search process so that they can spend more time to evaluating and analyzing content. ISeech saves teachers time in finding resources for students at the appropriate reading level and in the appropriate format.

With just one click, ISeech lets you explore multiple collections of magazines and journals, newspapers, reports, primary sources, encyclopedias, videos, and eBooks—reliable content that isn’t available on the open web. In the future you will be able to also search your INFOhio school library catalog through ISeech (ISeech Local).

Introducing your colleagues to ISeech

School librarians and library staff can introduce teachers and administrators in their building to ISeech. The following is a recommended plan for demonstrating ISeech at a faculty meeting. Adapt as needed.

Preparation
- Ask for 10 minutes of the faculty meeting time to introduce your building’s ISeech to your colleagues.
- Copy the ISeech Getting Started Guide for each faculty member.
- Watch the ISeech Video Tutorial for Teachers.
- Review the FAQs in the ISeech Local Toolkit.

At Your Faculty Meeting:

Objectives

Each teacher will know:
- ISeech is easy for me and for my students to use.
- ISeech helps me discover where the informational text, videos and digital content I need is located.

Introduction

As faculty members enter, hand each person a copy of the ISeech Getting Started Guide.
Have the ISeech Video Tutorial for teachers running as faculty members enter.
Tell your colleagues that you’re going to introduce them to a research tool that can help them and their students save time during the search process so they can spend more time on the meaty stuff: evaluating and analyzing content.
Lessons

Use the following lessons to help students develop strong search and citation habits using CAT or CAT Jr. and iSearch.

Each grade set includes 3 files: Teacher Guide, BINGO card and worksheet, and Instructor Demo.

- Search and Cite BINGO, Grades 4-5, Teacher Guide
- Search and Cite BINGO, Grades 4-5, BINGO card and worksheet
- Search and Cite BINGO, Grades 4-5, Instructor Demo
- Search and Cite BINGO, Grades 6-8, Teacher Guide
- Search and Cite BINGO, Grades 6-8, BINGO card and worksheet
- Search and Cite BINGO, Grades 6-8, Instructor Demo
ISeach FAQ

What is ISeach? Where can I find ISeach? How does ISeach help me? Where are the results under each tab coming from?
What is the difference between ISeach Statewide and ISeach Local? Can I still use CAT/CAT Jr with ISeach?
How do I know if I should use ISeach Statewide or ISeach Local? Will I still be able to use ISeach Statewide when I have ISeach Local?
Can I integrate my local catalog in ISeach if it’s not automated with INFOhi Ohio? Can I add additional electronic resource subscriptions to ISeach?

Please note that the following lists may change periodically.

With the statewide version of ISeach you are retrieving results from the following resources:

Basic Sources: Full-text information from more than 300 magazines, journals, and newspapers. Includes e-books, biographies, radio and TV transcripts, geographic information, primary sources, images, maps, and more.

- Middle Search Plus: popular middle school magazines, biographies, primary source documents, images, and historical essays, many with Lexiles.
- Newspaper Source: U.S., regional, and international newspapers, and full text television and radio news transcripts.
- Primary Search: more than 70 popular magazines for elementary school research with Lexiles.
- TOPICsearch: articles from diverse sources including newspapers, periodicals, biographies, public opinion polls, book reviews, pamphlets, and government information.

Basic Encyclopedias

- Funk & Wagnalls
- World Book Kids

Advanced Sources: Full-text information from more than 6,000 magazines, journals, and newspapers. Includes e-books, biographies, radio and TV transcripts, geographic information, primary sources, government documents, images, maps, and more.

- EBSCO Research Starters: short, citable summaries and authoritative overviews of more than 64,000 topics.
- Academic Search Premier: multi-disciplinary database provides full text for more than 4,600 journals, including full text for nearly 3,900 peer-reviewed titles.
- Air University Library Index to Military Periodicals: significant articles, news items, and editorials from about 80 English language military and aeronautical periodicals.
- Biography Reference Bank (H.W. Wilson): biographical profiles, feature articles, interviews, essays, book reviews, performance reviews, speeches, and obituaries. It covers over 500,000 people and includes over 36,000 images.
- Business Source Premier: more than 2,300 journals, including more than 1,100 peer-reviewed titles on all disciplines of business, including marketing, management, MIS, POM, accounting, finance and economics.
- Digital Access to Scholarship at Harvard (DASH): repository of research by members of the Harvard community.
- Directory of Open Access Journals: open access, peer-reviewed journals.
- ERIC: education literature and resources.
- Literary Reference Center: reference works, ebooks, literary journals, plot summaries, synopses, work overviews, literary criticisms, author biographies, book reviews, classic and contemporary poems, classic and contemporary short stories, author interviews, classic texts and more.
- LUNA Commons: over 225,000 images from more than 15 important collections of cultural materials, including paintings, maps, books, sculpture, gardens, manuscripts, oral histories, photography, and sounds.
Welcome to ISearch Local

The INFOhio ISearch implementation team is preparing for integration of your INFOhio-automated school library catalog with ISearch, the INFOhio research tool that helps save students and teachers time by searching across multiple trusted electronic resources and your local library catalog with just one click. ISearch, a research tool like those used in most of Ohio's academic libraries, helps prepare students for the online research environments they will experience in college.

The contents of this toolkit will help you work with your INFOhio Provider and your school library users to prepare for this new research tool. Your INFOhio Provider is working with INFOhio’s ISearch implementation team and your INFOhio Provider is your primary contact for ISearch Local integration. If you have questions, please contact your INFOhio Provider.

1. Await an email from your INFOhio Provider, notifying you that ISearch Local integration will begin.
2. Review information about defaults and customizations on this page so that you will be ready for the next steps.
3. Complete the questionnaire your INFOhio Provider sends and return the questionnaire by the date requested. If you have questions, refer them to your INFOhio Provider.
4. Await the email from your INFOhio Provider, notifying you of your "Go Live" date.
5. Update any links on your school library website or in your learning management system. Download your ISearch Local widget from the widgets section of the INFOhio Toolkit and place the code on your school library website or in your learning management system.
6. Share the news that your school’s local version of ISearch is live with your school community. See "Introducing your colleagues to ISearch" and "Introducing parents to ISearch" on this page.

ISearch Embedded in Research Tools

You can find ISearch embedded into the following INFOhio instructional tools:

Defaults and Customizations

Do you want your school's name to show in a particular color? If so, you must supply the HEX code. For information about HEX codes, see http://www.w3schools.com/tags/ref_colorpicker.asp.

For each library in your district, consider the following:
Did you know?
Most academic libraries in Ohio use a discovery layer search tool like ISearch and most place it on their library homepage. See the examples below to help you decide where to place the ISearch widget on your school library website.

ISearch Widget Generator
Use this HTML Generator to create a custom search box widget for ISearch that you can place on your school library website.

- Bluffton University Musselman Library WINDOW
- Case Western Reserve University Kelvin Smith Library Summon: Search across the library's collections...
- Cleveland State University Michael Schwartz Library OneSearch
- Defiance College Library and Learning Commons JACKETsearch
- Franklin University Nationwide Library OneSearch
- Kent State University Libraries Discovery@Kent State

College Bound Students Need ISearch

1. Give them a head start
Use ISearch to prepare students for the kind of library research tool they will find in colleges and universities in Ohio and around the world.

2. Show them the way
Make finding reliable information faster and easier with ISearch's single search box and differentiated results list. ISearch combines your school library collection with INFOhio's electronic resources, giving your students one-click access to primary sources, articles, videos, print books, ebooks, and more.

3. Open the door to information literacy
Teach students to differentiate trusted sources from those found on the open web and to evaluate which resources best support their research objectives.

4. Help them reach the finish line
Give students the knowledge and skills needed to compete in a global society. Your school library's print and electronic resources, available through ISearch, support school curriculum and prepare students to master new technologies.

# Bullying in schools overview.

Bullying behavior, broadly described as intimidating or harassing another person through physical or verbal assaults and insults, can begin at any age, but it seems to be a particular problem among children and adolescents. Although bullying is usually a one-on-one behavior, it also has a broader social impact. Victim may feel humiliated, and thus alienated from everyone in their peer group, while bullies may feel that they have established a position of superiority in the same group. Bullying behavior can continue into adulthood, although by that time it may be regarded as criminal behavior and result in legal action (e.g. charges of “assault and battery”).

February Database Preview

- OHIOnet will provide a selection of Electronic Resources
- You’ll have a month to use and review the databases
- NEOnet will send out a reminder when the preview is set to start
INFOhio Users Council Update

- Anything to share, representatives?
Sharing

- AASL Conference was November 5-8\textsuperscript{th}

  • Joanna McNally- Orange City Schools
  • Lisa Ford- Mentor City Schools
  • Anyone else see anything amazing?
Future Meetings

• Wednesday, March 3, 2016
