19	Medical: To make comments limitless on the Student Medical Health Log
20	Discipline: Cancelled Incidents to be Hidden by Default on the Discipline Incidents Page
21	Marks Reports: Mark Analysis Report (R301) Add the ability to page break by Teacher. Current workaround is to generate a separate report for each teacher
22	EZ Query: Add Contacts Flagged as Copied on Correspondence to field selection in EZ Query-Reports - SIS Student Search
23	Scheduling: Add Functionality to mass update Courses and Course Sections. (Similar to student profile bulk update)
24	Transcript: Add ability to print immunizations on transcript
25	Student Transfer: Request for the Student Course History import and attendance history to be separated out from the registration process when transferring a student.

Suggestions

when entering attendance for next student it does not stay on the page showing all their absents it goes to entering a new one for that day and it has already been enter by the teacher, I just need to be able to change to excused or tardy not enter in a whole new one. thanks

When adding students to membership, have the names listed with a check box (like when building an ad hoc group) instead of having to move the names over to another box.

This request: "Reports: All reports that have the Excel option in the Report Format dropdown be True Excel reports." has been on enhancement list for over 10 years. IT IS TIME FOR THIS TO BE COMPLETED NOT LISTED AS AN ENHANCEMENT.

Ability to enter more than one day absence at a time for a specific student (ex. a student is absent 3 days in a row for vacation- to have ability to enter those dates all at once)

Ability to add multiple days absence to a student's attendance (ex. will be in hospital for 1 week, so select the whole week instead of adding days individually)

Would like to be able to search by all contact phone numbers and the ability to "view attendance" on the dropdown screen.

Being able to run a report of all students enrolled in an AP class and the name of the class

GradeBook Survey Results

Rank	Enhancement Request
1	Gradebook : Automatic save when leaving a page
2	Gradebook : Student Profile - Parent email address integrated from DASL with student information for profile tab
3	Gradebook : Student Profile - OAA Test (Ohio Achievement) and NextGen scores on student profile tab
4	Gradebook: Custody Alerts- Add Entry date so teacher knows which is most recent
5	Gradebook: Daily Attendance- Tardy to show time in
6	Gradebook : Assignments - The ability to enter Yes/No as a mark type but not affect the average. If excluded is used, parents cannot see the mark on ParentAccess WORKAROUND: points of 0 weight of 0 for the assignment
7	Gradebook : Marks - Ability to email all parents in the district, weekly with the student name and their grades
8	Gradebook : Teacher Homepage Administration - Setup of calcs weights and methods, do not show the assignment type boxes UNTIL weighted averages is selected
9	Gradebook : Reports - Class alias to show on reports
10	GradeBook: All report cards to save to the electronic file cabinet, not just DASL integrated report cards.
11	Gradebook : Report Card - System Calc - Ability to ignore a mark in the System Calculating of the Average or Final
12	Gradebook : Gradebook Administration - Setup classes for ParentAccess - checking Don't show averages should not show averages on assignments on ParentAccess. Currently, only the overall average is not displayed
13	Gradebook : Student Profile - "Called Name" from DASL to move to ProgressBook
14	Gradebook : Student Profile - Locker number and Locker Combinations
15	Gradebook : Report Cards - Standards based secondary report cards including GPA, Merit Roll, Honor Roll
16	ParentAccess: Low Mark Alert - if there is a default assessment selected in custom setup 2, ability to set low mark alerts.
17	Gradebook : Daily Attendance - Ability to choose if all classes are checked or unchecked by default for Homeroom Attendance on the Set Required Homerooms for Homeroom attendance.
18	ParentAccess: Parent Alerts - when selecting the Low Assignment Mark Alert, indicate if no threshold mark has been selected
19	Gradebook: Report Cards- Pull the GPA, Merit Roll, Honor Roll from DASL to print on standards based elementary report cards.
20	ParentAccess: Teacher's name appears next to course wherever the course name appears
21	ParentAccess: Student Tab - OAA Test (Ohio Achievement) and NextGen scores, current and prior years, on ParentAccess
22	Gradebook: Student Profile- Homeroom should be removed from Student tab if blank is sent from DASL.
23	Gradebook : Reports - Lunch Count Report - Ability to display by student
24	Gradebook : Report Card Entry - Student Grade level to appear on the report card entry page
25	Gradebook : Administration - Staff screen to include Mr., Mrs., or Ms.

Suggestions

ability to see all quarter grade percentages on student profile at one time (rank 1)

Have a box to check to automatically fill in maximum score after low or missing scores were entered manually

The ability to schedule parent conferences similar to sign-up genius.

When a zero is entered as a score, the "missing" checkmark should go away automatically.

What I would like to see is a mark that indicates the teacher has the assignment, but it has not yet been graded.

Improvement in Class Notification--would like to be able to see notifications sent in one place as well as the ability to link/upload files into emails.

Special Services Survey Results

Rank	Enhancement Request
1	Form Functionality: Referral and Consent Dates populate from the Cover Page to Special Ed Events Page
2	Form Functionality: Add or Subtract rows on the Service Page
3	Form Functionality: Auto populate district name and address information where required on forms
4	Admin Setup: The ability to Archive Students who are no longer Active, but still have access when needed
